Take our Open Book Test and maybe win a pair of Bose 901 speakers.

Sometime this school year, six lucky (and smart) college students will each win a pair of Bose 901 Direct/Reflecting® speaker systems worth about $800 a pair.

The winners will be flown, expenses paid, to enjoy a night on the town in Boston. Then, next day, they will tour the Bose factory in Framingham, Massachusetts. They will participate with Bose engineers and marketing people in a University Audio Seminar. And, they will receive their newly won Bose 901 speakers.

The catch? There isn't any.

All you have to do is take a short test composed of several easy questions (we send you the material in which to find the answers), then sit back and hope.

To get your test, just fill out and mail the coupon below. And, while you wait for the test to arrive, it's not considered cheating if you go to a Bose dealer and listen to the great sounding line of Bose Direct/Reflecting® speakers.

You might even decide to buy a pair. After all, a little research before the test couldn't hurt, even if it is open book.

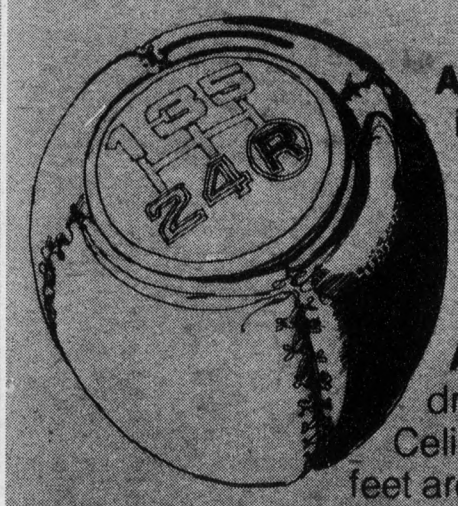
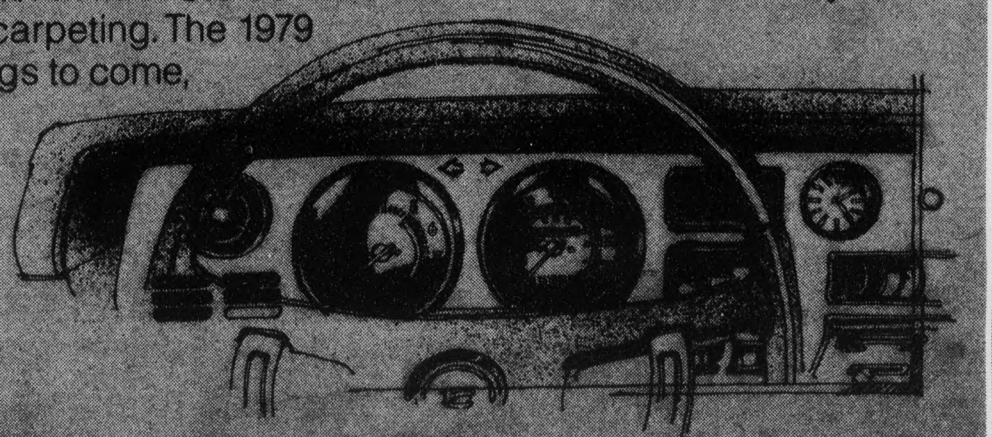
THE CAR OF THE 80'S IS STILL THE CAR OF THE 80'S.

The Toyota Celica. We introduced it last year as the car of the 80's Since then the Celica has been praised, bought and, it seems, even copied. If you want your money's worth and more in a Grand Touring machine, see the car of the 80's. The Toyota Celica. It's a car you can live with for a long time.



A GT for the years to come. Not only is the Celica designed to carry you into tomorrow, it's built to last the trip. Welded unitized body construction helps keep it tight and practically rattle free. Extensive rust inhibiting processes help preserve body integrity. And the MacPherson strut front suspension, power assisted front disc brakes, and 5-speed overdrive transmission will make the trip to the future fun.

A car for today. The Celica is comfortable, dependable and very well equipped. The driver is cradled in a fully reclining bucket seat with an adjustable lumbar support. The Celica GT wows your ears with AM/FM MPX Stereo radio sound—all standard. And your feet are cushioned with wall-to-wall carpeting. The 1979 Toyota Celica. The excitement of things to come, a better standard of driving today. That's Toyota value.



YOU GOT IT.

IF YOU'VE GOT IT TOGETHER, WE'VE GOT IT TOGETHER.

When you reach the point where simplicity and function mean more to you than impressive gadgetry, you're probably ready for component stereo without components.

Centrex stereo. By Pioneer.

The KH-7766 model shown here delivers a very component-like minimum RMS output power of 12 watts per channel into 8 ohms. Over a frequency range of 40 to 20,000 Hz with no more than 0.8% THD. Delivered through a pair of component-quality, three-way loudspeakers.

All that. Plus an FM capture ratio of 1 dB. A power amp with click-stop bass and treble, and loudness. An automatic record changer with moving-magnet cartridge. A cassette deck with wow and flutter less than 0.15%.

At a price less than that of many leading component systems.

So if your Pioneer dealer is lucky enough to have Centrex music systems in stock, be quick enough to grab one.

Take it home.

Plug it in.

And while it may not look like the biggest thing in the room, it'll certainly sound like it.

Thus, courses may appear on the preregistration Schedule Card that exist but did not appear in the First Edition.

ARMORY REGISTRATION SCHEDULE

Priority for New Students and Special Problems

Newly admitted, reinstated and readmitted students who were unable to preregister and those students meeting the criteria for Schedule II will have priority admission to the Armory. This priority access is designed to: 1) help eliminate the overcrowding in the Armory, 2) enable students who really need courses (new registrants and people with partial schedules) the opportunity to register first, and 3) encourage students to take advantage of preregistration and thus avoid the necessity of going to the Armory.

SCHEDULE I — Nonpreregistered newly admitted, readmitted, and reinstated students
Tuesday, January 16 — 8:30 a.m. to 3:55 p.m.

This schedule will apply to newly admitted, readmitted, and reinstated students who did not preregister. Students in this category should report directly to Reckord Armory according to the alphabetic schedule. Newly admitted students and reinstated students must present their Letter of Admission/Reinstatement signed by their Provost, Dean, or designated representative, to be permitted to enter the Armory. Readmitted students must present their Letter of Readmission to be permitted to enter the Armory. While advisement is not a prerequisite for Armory admission for readmitted students, these students are strongly urged to take advantage of campus advisement offices. Only students who had no opportunity to preregister may register according to this schedule.

STEP 5 — HOW TO PAY YOUR BILL

IF YOU DID NOT PREREGISTER	IF YOU DID PREREGISTER
Complete academic course sectioning.	Make any academic schedule adjustments.
Complete the Student Bill Form given to you upon entrance to the Business Services Area at Station #1.	Do not enter the Business Services enclosure.
Go to Student Aid Desk if you have any form of student aid financial support coming to you.	Drop tuition payment in box at the Division of Business Services entrance gate unless you require change from a check. Be sure student's name and Social Security Number is written on the front of your check.
Go to the Business Services area — Station #2 to get bill added.	If you require change or a receipt, go to the Cashiers Cage in the South Administration Building and make your payment.
Go to Station #3 to obtain a payment card.	Any drop/add which results in a net increase to your account must be paid by January 19, 1979 to avoid a late fee. An additional bill will not be sent to you for the drop/add.
Make out your check at the Check Writing Tables, Station #4. Write student's name and social security number on the front of the check.	Exit via the rear door of the Armory.
Pay the Cashier at Station #5.	
Turn in all course slips at the Final Registration Desk, Station #6, as you exit the main floor of the Armory. Registration is not official until "Registrations" (hard copies) of add forms are turned in.	
A graduate student or part-time undergraduate who returns to add course(s) which result in a net increase to his/her account must pay this amount by January 19, 1979. An additional bill will not be mailed.	

Bills for payment of fees will be mailed to students who preregistered for the Spring semester. PAYMENT IN FULL MUST BE MADE NO LATER THAN THE FIRST DAY OF CLASSES BY BOTH PREREGISTERED AND REGULAR REGISTRATION STUDENTS. Prompt payment by mail is encouraged to avoid the long lines of registration time.

Payments may be made by mail or at the Office of the Cashier, South Administration Building, Monday through Friday, 8:30 a.m. to 4:15 p.m. Accounts not paid by January 19 are delinquent and are subject to referral to the State Central Collections Unit at Baltimore.

Students paying by personal check may drop payment in Mail Remittances hallway drop box beside Room 1108, South Administration Building, at any time; processed check will serve as receipt. Students paying in person at Cashier's Office are required to present Student ID card with payment.

Students who did not preregister and do not pay their bills while in the Armory have not completed registration. As a courtesy, the registration packet will be held at the Final Registration Station until full payment is made. Proof of payment must be shown by Friday, January 19, 1979 and the packet picked up. If the packet is not picked up by Friday, January 19, 1979, when the Armory Registration closes, the packet will be held at the Registrations Counter, first floor North Administration Building, through Late Registration. However, the Late Registration Fee ($20.00) is charged. Failure to pick up packet will result in no registration for the semester and no grades.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES AND TRANSFER OF ACCOUNT TO STATE CENTRAL COLLECTIONS UNIT. A MINIMUM 15% COLLECTIONS CHARGE IS ADDED AT THIS TIME.

Any preregistered student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to Registration to receive contract credit. The cut-off date for acceptance of all contracts is January 12, 1979. The student remains responsible for fees if not paid by sponsor.

WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FINANCIAL AID CHECKS (NDSL, BEOG, SEOG)

Financial aid checks will be available in the Armory on January 16 and 17 for non-preregistered students only.

Financial aid checks will be available in the Armory for all students (new registrants and preregistered students) on January 18 and 19.

After January 19, financial aid checks may be picked up in Room 1103 of the South Administration Building between 9:00 a.m. and 4:00 p.m., Monday through Friday. Checks should be picked up as soon as possible as all remaining checks will be cancelled and returned to the State Treasurer.

You must have your ID and proof of credits (preregistration card and/or add slips) in order to pick up your check.

STEP 6 — WHAT TO DO IN THE ARMORY BASEMENT

IDENTIFICATION CARDS

Students entering the Armory basement from the upper arena will be directed to the Photo Identification Stations where they will be photographed and/or issued their Registration Card. Students who received Photo Identification Cards since the Fall 1976 semester should continue to use them. Preregistered students who need only to replace an ID Card may enter the Armory basement at the side facing the North Administration Building.

VEHICLE REGISTRATION

Students who wish to register their motor vehicle(s) will be directed to the northwest door of the Armory Basement. Signs will be posted along the north walkway directing students to the northwest door. Students will enter Room 0126 to complete their vehicle registration applications and then proceed to the west corridor to receive validations. Students will exit through the southwest door.

DEADLINES FOR GRADUATE STUDENTS AND PART-TIME UNDERGRADUATES

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE 1st DAY OF CLASSES (JANUARY 16-17), if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which he is registered to *8 or less*, charges for the semester will be assessed on the basis of the per credit hour fee for part-time students.

However, if the student later adds a course or courses, thereby changing the total number of credits for which he is registered to *9 or more*, the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

ON THE 1st DAY OF CLASSES (JANUARY 18 OR AFTER), if a full-time undergraduate drops a course or courses, thereby changing the total number of credits for which he is registered to *8 or less*, charges for the semester will be assessed on the basis of the full-time general fees. That is, there is no refund for changing from full-time to part-time status on the first day of classes or later. If the student has already made payment as a full-time student, no refund will be processed. If the student has not made payment he will be billed for the full-time undergraduate fees.

IN OTHER WORDS, if at any time on or after the first day of classes, a student is registered for *9 credits or more* he will be billed on the basis of the full-time undergraduate fees.

FEBRUARY 1 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

REFUND SCHEDULE FOR DROPPING COURSES GRADUATE STUDENTS AND PART-TIME UNDERGRADUATES

Both graduate students and part-time undergraduates are charged by the credit hour. A percentage charge and/or complete charge for the course may be imposed if the deadlines indicated below are not followed:

1. January 16-17 (prior to the first day of classes) ..... 100% refund
   There will be no charge for courses *dropped* on these two days.
2. January 18-24 (first five days of class) ..... 80% refund
   There will be a 20% charge imposed for courses *dropped* during this period.
3. January 25 and after ..... 0% refund
   Students will incur full charge for courses *dropped* during this period.
4. February 1 and after: a $2.00 charge is imposed for *each* drop processed (to be billed).

Students who wish to drop one course and add another at the same credit level should accomplish both transactions on the *same day* to insure additional charges are not imposed.

NOTE: A drop of one course and a credit level change of equal amount in another course, even if accomplished on the same day, *is not* considered an "even exchange" and appropriate charges for both courses will be imposed.

CANCELLATION OF REGISTRATION

Students who preregister or register and later decide not to attend the University must **CANCEL** their registration **PRIOR TO THE FIRST DAY OF CLASSES.** Failure to cancel registration will result in financial obligation to the University even though the student does not attend class.

COMMENCEMENT HONORS

Honors for excellence in scholarship are awarded to not more than ten percent (10%) of the graduating class in each degree granting unit. Summa Cum Laude is offered to the highest two percent (2%), Magna Cum Laude to the next three percent (3%), and Cum Laude to the next five percent (5%). To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. No student with an average less than 3.00 will be considered. (The computation of the average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement.)

UNIVERSITY COLLEGE STUDENTS

UMUC students *who have completed a minimum of 15 semester hours with UMUC* and *who have at least a "C" (2.0) cumulative grade point average with the University of Maryland*, are eligible to register at UMCP. They must obtain a letter of permission from the UMUC Office of Admission and Registration Services and present it at the Armory in order to complete registration.

TRANSCRIPT SERVICES

During the year unofficial transcripts are not available unless required for on-campus advisement purposes for currently enrolled students. Division and College offices on campus have record information for purposes of changing Division/College, etc.

An unofficial transcript will be available with your preregistration materials each semester. This copy is for your personal use and serves as a way for you to check the accuracy of the record.

If you have need of record information for other purposes, please request an official transcript at the Registrations Office, North Administration Building. Offical transcripts are generally processed within a week and on occasion, the same day.

Request must be in writing. A transcript cannot be processed if an outstanding debt is owed to the University. Contact the Registrations Office if you have further questions.

FEES AND EXPENSES

ALL STUDENTS WHO PREREGISTER FOR THE SPRING SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY.

The University of Maryland does not have a deferred payment plan. Payment of all past due balances and current semester fees is due on or before the first day of classes.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building between the hours of 8:30 a.m. and 4:15 p.m., Monday through Friday if they are not certain their account is paid in full. Students may also obtain their account balance by phoning 454-4832.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. In cases where the University has awarded a grant, scholarship, or workship, the appropriate amount will be deducted on the bill, mailed approximately one month after the start of the semester.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to preregister or register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF,
NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of his or her account.

EXPLANATION OF MANDATORY FEES

The Application Fee for the undergraduate programs and the summer sessions partially defrays the cost of processing applications for admission accepted in lieu of the matriculation fee. Applicants who have enrolled with the University of Maryland in University College at College Park or Baltimore, or at one of its off-campus centers are not required to pay the fee since they have already paid a matriculation fee.

The Fixed Charges Fee is charged to help defray the cost of operating the University's program at College Park.

The Instructional Materials Fee represents a charge for instructional materials and/or laboratory supplies furnished to students.

The Athletic Fee is charged for the support of the Department of Intercollegiate Athletics. All students are encouraged to participate in all of the activities of this department or to attend the contests if they do not participate.

The Student Activities Fee is a mandatory fee included at the request of the Student Government Association. It is used in sponsoring various student activities, student publications, and cultural programs.

The Recreational Facilities Fee is paid into a fund which will be used to expand the recreational facilities on the College Park campus, especially the Student Union Building.

The Auxiliary Facilities Fee is paid into a fund which is used for expansion and operation of various facilities such as roads, walks, campus lighting and other campus facilities. These facilities are not funded or are funded only in part from other sources.

The Student Health Fee is paid by all full-time students (9 credits or more, Graduate or Undergraduate), each semester — $10.00; and all part-time students (8 credits or less, Graduate or Undergraduate), each semester — $5.00. Full-time employees and staff may not use Health Service Facilities and are not charged the Student Health Fee. Graduate Assistants are not full-time employees.

Registration Fee: $5.00. Charged to all registrants each semester.

OTHER FEES

Application Fee: $15.00

Pre-College Orientation Program Registration Fee: $31.00 (two day program)
$18.00 (one day program)
$ 6.00 (early arrival)
$10.00 (per parent)

Late Application Fee: $25.00

Vehicle Registration Fee: $12.00 for first vehicle and $3.00 for each additional vehicle in accordance with published regulations. Payable each academic year by all students registered for classes on the College Park Campus and who drive on campus. For those who register for Spring Semester 1979, the fee is $6.00.

Special Fee for students requiring additional preparation in Mathematics (MATH 001) per semester: $75.00 (Required of students whose curriculum calls for MATH 110 or 115 and who fail in qualifying examination for these courses.) This Special Math Fee is in addition to course charge. Students enrolled in this course and concurrently enrolled for 6 or more credit hours will be considered as full-time students for purposes of assessing fees. Students taking only MATH 001 pay for 3 credits plus $75. A 3 credit course plus MATH 001 results in a charge for 6 credits plus $75. A full-time student pays full-time fees plus $75.

Fees for Auditors and courses taken for audit are the same as those charged for courses taken for credit to determine whether or not an undergraduate student is full-time or part-time for fee assessment purposes.

Special Students are assessed fees in accordance with the schedule for the comparable undergraduate classification.

Late Registration Fee: $20.00. All students are expected to complete their registration, including the filing of Schedule Adjustment Forms on the regular registration days. Those who do not complete their registration during the prescribed days must pay this fee.

Property Damage Charge: Students will be charged for damage to property or equipment. Where responsibility for the damage can be fixed, the individual student will be billed for it; where responsibility cannot be fixed, the cost of repairing the damage or replacing equipment will be prorated among the individuals involved.

Service Charges for Dishonored Checks: Payable for each check which is returned unpaid by the drawee bank on initial presentation because of insufficient funds, payment stopped, post-dating drawn against uncollected items, etc.

For checks up to $50.00: $5.00
For checks from $50.01 to $100.00: $10.00
For checks over $100.00: $20.00

When a check is returned unpaid, the student must redeem the check and pay any outstanding balance in the account within 10 days or all University services may be severed and the account transferred to the state Central Collection Unit for legal follow-up. Additionally, a minimum 15% collection charge is added to the charges posted to the student's account at the time the transfer is made.

Library Charges: $ .25 — Fine for failure to return a book from General Library before expiration of loan period; per day. WITHDRAWAL OR REFUND OF FEES

Beginning January 18, students who wish to terminate their registration must follow the withdrawal procedures and are liable for charges applicable at the time of withdrawal.

Any student compelled to leave the University at any time during the academic year should file an application for withdrawal, bearing the proper signature, in the Office of Registrations. If this is not done, the student will forfeit his right to any refund to which he would otherwise be entitled. The date used in computing refunds is the date the application for withdrawal is filed in the Office of Registrations.

Stopping payment on a check does not constitute an official withdrawal.

In the case of a minor, withdrawal will be permitted only with the written consent of the student's parent or guardian.

Students withdrawing from the University will be credited for all academic fees charged to them in accordance with the following schedule:

Period from Date Instruction begins	*Refundable **
Two weeks or less	80%
Between two and three weeks	60%
Between three and four weeks	40%
Between four and five weeks	20%
Over five weeks	00%

** Refund is based on a percentage of* **tuition only.**

No part of the charges for room and board is refundable except when the student officially withdraws or is severed or dismissed from the University or when the student effectively completes residence halls and/or dining services contract release procedures. When the student completes the residence hall contract release procedures, a room refund will be computed based upon the requested release date and the date the request for contract release is received by Resident Life. Refunds for housing services are made on a pro rata weekly basis.

Refunds to students having board contracts will be calculated, based upon the contract release date, by multiplying the number of weeks remaining by the pro rata weekly rate. A $20 service charge may be assessed when applicable.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A student who registers as a full-time undergraduate will receive no refund of the General Fee when courses are dropped (irrespective of the number of credit hours dropped) unless the student withdraws from the University. Hence, a student changing from full-time to part-time on or after the first day of classes receives no refund.

A student who registers as a part-time undergraduate student will be given an 80% refund of the credit hour fee for courses dropped during the first week of classes. No refund will be made for courses dropped thereafter.

A special refund schedule applies to full-time students who are called up as Reservists for military service.

A part-time or full-time undergraduate who drops MATH 001 will receive a percentage refund of the $75.00 fee in accordance with the sliding scale printed in the Schedule of Classes under "Deadlines for Graduate Students and Part-time Undergraduates" which calls for a full 100% refund if the course is dropped prior to the first day of classes, an 80% refund if the course is dropped during the first five (5) days of classes, and 0% thereafter. Math 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

A part-time or full-time undergraduate student who drops COOP 208, 209, or ENCO 408, 409 will receive a percentage refund of the fee paid in accordance with the sliding scale printed in the Schedule of Classes under "Deadlines for Graduate Students and Part-Time Undergraduates" which calls for a full 100% refund if the course is dropped prior to the first day of classes, an 80% refund if the course is dropped during the first five (5) days of classes and 0% thereafter.

Refunds MUST be requested in writing by the STUDENT. This can be done by: 1) addressing a letter to: Division of Business Services, University of Maryland, College Park, Md. 20742, or 2) completing a request for refund form available at the Student Counter, 1103 South Administration Building, and Withdrawal Office, Registrations Office and Student Aid Office, North Adminstration Building. NO CREDIT BALANCE IS AUTOMATICALLY REFUNDED. Approximately five to six weeks is required from the time a credit balance appears on the account and a refund request is received until a check is mailed from the State Treasurer's Office in Annapolis. THE CHECK WILL BE MADE PAYABLE TO THE STUDENT and mailed to the address requested by the student on the refund form. Refund checks cannot be mailed to a campus address.

BILLING INFORMATION

Bills for payment of fees will be mailed to students who preregistered for the Spring semester. PAYMENT IN FULL MUST BE MADE NO LATER THAN THE FIRST DAY OF CLASSES BY BOTH PREREGISTERED AND REGULAR REGISTRATION STUDENTS. Prompt payment by mail is encouraged to avoid the long lines of registration time.

Payments may be made by mail or at the Office of the Cashier, South Administration Building, Monday through Friday, 8:30 a.m. to 4:15 p.m. Accounts not paid by January 22 are delinquent and are subject to referral to the State Central Collections Unit at Baltimore.

Students paying by personal check may drop payment in Mail Remittances hallway drop box beside Room 1108, South Administration Building, at any time; processed check will serve as receipt. Students paying in person at Cashier's Office are required to present Student ID card with payment.

Students who did not preregister and do not pay their bills while in the Armory have not completed registration. As a courtesy, the registration packet will be held at the Final Registration Station until full payment is made. Proof of payment must be shown by Friday, January 19, 1979, and the packet picked up. If the packet is not picked up by January 19, 1979, when the Armory Registration closes, the packet will be held at the Registrations Counter, first floor North Administration Building, through Late Registration. However, the Late Registration Fee ($20.00) is charged. Failure to pick up packet will result in no registration for the semester and no grades.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES AND TRANSFER OF ACCOUNT TO STATE CENTRAL COLLECTIONS UNIT. A MINIMUM 15% COLLECTIONS CHARGE IS ADDED AT THIS TIME.

Any preregistered student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to Registration to receive contract credit. The cut-off date for acceptance of all contracts is January 11, 1979.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the student directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transferrence of the account to the State Central Collections Unit.

WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

BILLING DATES

An estimated bill based on advance registration will be mailed to all preregistered students on December 18, 1978. The University has no deferred payment plan. Payment in full is due on or before January 19, 1979.

Periodically during the semester a bill will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due on receipt.

The University cannot assume responsibility for their receipt if bills are not received. Students may obtain a print-out of their financial account by coming to room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m., Monday through Friday.

A late payment fee will be assessed beginning January 22, 1979.

AN IMPORTANT FEE NOTICE. Although changes in fees and charges will ordinarily be announced in advance, the University reserves the right to make such changes without previous announcement.

REMISSION OF FEES FOR FACULTY AND STAFF

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Budget Office (Room 1133, Main Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Budget Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

Questions regarding admissions? Contact Admissions Office, 454-5550.

Questions regarding registrations? Contact Registrations Office, 454-5559.

Questions regarding employee remission of fees? Contact Budget Office, 454-3106.

STUDENTS RECEIVING FINANCIAL ASSISTANCE

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Courses taken as "Audit" cannot be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should see his/her financial aid counselor *before* taking such action.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Preregistered students' bills will be mailed. Students not preregistered will complete an estimated bill form at registration time. The following information may be helpful:

1. All University scholarships and grants (including BEOG and SEOG) will be credited to the bill as designated in the award letter. If not credited on preregistered bill, deduct scholarship or grant amount and pay the difference. BEOG, SEOG, and other refundable grant funds not needed to complete payment of the University bill will be available by check from the Division of Business Services.
2. Financial aid checks (NDSL, BEOG, SEOG) will be available in the Armory on January 16 and 17 for non-preregistered students only. Financial aid checks will be available in the Armory for all students (new registrants and preregistered students) on January 18 and 19. After January 19, financial aid checks may be picked up in Room 1103 of the South Administration Building between 9:00 a.m. and 4:00 p.m., Monday through Friday. Checks should be picked up as soon as possible as all remaining checks will be cancelled. Students must have their I.D.'s and proof of credits (preregistration card and/or add slips) in order to pick up their checks.
3. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in Business Services.)
4. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution sends the check to the University directly. These checks are to be picked up at the Division of Business Services, Room 1103, South Administration Building.
5. Dining Hall cash jobs will be paid bi-weekly to student as work is performed.
6. Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.
7. College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.

ENROLLMENT CERTIFICATION AND VA PAYMENTS

1. *How to compute payments based on enrollment status*

Undergraduate student enrollment status is based on the number of credits for which the student is registered. Graduate student enrollment status is based on the number of units for which the student is registered. Courses taken as "AUDIT" cannot be counted toward credit for graduate or undergraduate students. Charges are the same for audit and for credit courses.

3. *Graduate Assistants*

Graduate students who are graduate assistants will be certified full time if their assistantship is confirmed in writing by Graduate School and they are taking 24 units. This must be done each semester. Please note . . . the Veterans Administration's definition of "full time" for Graduate Assistants differs from the University of Maryland definition and should be used only for VA purposes.

4. *Veterans Responsibility*

It is the responsibility of veterans and dependents receiving V.A. benefits to notify the University V.A. Certification Office of every change of course or program at the time the change is submitted to the University. This includes the following:

VETERANS REPRESENTATIVES

A Veterans Administration Representative is available on campus on a part time basis to assist veterans, their dependants and service personnel with V.A.-related questions and problems. The representative is available on a walk-in basis during normal office hours in Room 1130A, North Administration Building (454-5276).

GOLDEN IDENTIFICATION CARD PROGRAM

The College Park campus participates in the University of Maryland's Golden Identification Card Program. The campus makes available various courses and services to persons who are 60 years of age or older by the first class day, residents of the State of Maryland and retired (not engaged in gainful employment for more than 20 hours per week). When persons eligible for this Program apply for the Program or are newly admitted to the Program, they may register for credit courses as regular or special students in any session. Tuition and most other fees are waived. The Golden Identification Card entitles eligible persons to certain academic services, including the use of the libraries, as well as certain other non-academic services. Such services are available during any session only to persons who have registered for one or more courses for that session. A card is issued after registration. For further information, please contact the Registrations Office, North Administration Bldg., 454-5559.

THE OFFICE OF HUMAN RELATIONS PROGRAMS WANTS TO KNOW DO YOU KNOW YOUR HUMAN RELATIONS CODE?

Q. What is the UMCP Human Relations Code?
A. The Code is the campus document prohibiting discrimination within the College Park Campus community on the basis of race, color, creed, sex, marital status, personal appearance, age, national origin, political affiliation, mental or physical handicap, and on the basis of the exercise of rights secured by the First Amendment of the United States Constitution. The Human Relations Code establishes formal grievance and mediation procedures for the Campus.

Q. To whom does the Human Relations Code apply?
A. All UMCP students, faculty and staff in all academic and non-academic units of the Campus. Organizations and committees functioning under the direction and supervision of the campus administration are also expected to abide by its directives against discriminatory behavior.

Q. And what kinds of things could a person complain about?
A. Per Section II. A. 1 and 2 of the Code: Complaints of discrimination may be filed because of race, color, creed, sex, marital status, personal appearance, age, national origin, political affiliation, mental or physical handicap, or on the basis of exercise of rights secured by the First Amendment of the United States Constitution.

Q. How does a person file a complaint?
A. There are two types of procedures:
Formal Process: Article III of the Human Relations Code outlines a procedure which requires an individual to file a formal grievance with the Campus Compliance Officer of the Office of Human Relations Programs, with the EEEO Officer of a professional college or department, or with a Divisional Equity Officer. The grievance must be filed within 120 days of the time the allegedly discriminatory act(s) occurred or within 120 days of the time when one first became aware of the act(s).
Informal Process: Article III. D — Any member of the Campus Community who believes that he or she has been or is being discriminated against in ways prohibited by the Code may consult confidentially with any of the persons designated above and ask for help in settling a dispute informally. A majority of the complaints received by the Office of Human Relations Programs are resolved in this manner.

Q. Does everyone have to know I've been there when I come in to discuss something I may want to complain about?
A. Not necessarily. The degree of confidentiality maintained by the office is specified in Article III C of the Code. You are free to decide what sort of assistance you want. You can also be counseled about the kind of help you may need. Some types of assistance can be given without your being identified beyond the Human Relations Office. Other kinds of help may require your permission to reveal your name to a limited extent. The important thing is that you can decide on the kind of help you want and/or whether or not you want to accept the form of help that is available.

Q. How long does it take to resolve a grievance?
A. It depends upon the nature of the case. Investigation of each case begins shortly after it is received to determine whether or not a complaint is one which can be handled under the Code and one which appears to be substantive.

Q. Do you ever get any complaints that don't appear to be valid?
A. Sometimes.

Q. Suppose I think mine is valid and someone I complain to officially doesn't agree?
A. You can check out the opinions of the Human Relations Office, an equity officer or an EEEO officer by means of an appeal process which is outlined in the Code.

Q. Is complaining worth the trouble?
A. From January, 1977-December, 1977, 40 informal complaints were filed and investigated. During the same period, 39 formal complaints were filed and settled or referred for settlement by means of other more appropriate grievance processes.

Q. Who else on campus besides the Human Relations Office has major responsibility for equal opportunity and affirmative action matters?
A. Each academic and non-academic unit has a person who functions as an equity officer. That is to say, he or she is responsible for processing and monitoring equity matters within his/her unit. These people have various official titles such as Assistant Provost, Assistant to the Provost, Assistant Vice Chancellor or Assistant to the Vice Chancellor. They report directly to the administrators to whom their titles designate they are responsible.

Q. Where can I get a copy of the Human Relations Code and possibly discuss something that concerns me?
A. You may speak with any of the following:

Q. Does the Human Relations Office work with other organizations on campus to combat discrimination?
A. Yes, with both on-campus and off-campus organizations. Such groups have access to other forms of technical and consultative assistance on request.

Q. Can I or my organization come in and discuss an idea for addressing discrimination on the UMCP Campus?
A. Certainly. Students, faculty, and staff often do and are welcome. You are encouraged to speak with Human Relations Office staff and with Campus equity officers in the Vice Chancellors' and Provosts' offices as well.

Q. What if my filing a grievance results in some form of retaliation against me? What can be done?
A. Actions undertaken to eliminate discriminatory treatment include negotiation and persuasion. These have proved successful in discouraging retaliation against complainants.

Q. What about students with legitimate complaints of unfair treatment that may not be related to acts of discrimination? Is there a student grievance procedure that provides protection for them?
A. Such a procedure was initially proposed by the Human Relations Office drafted by the Campus Senate and reviewed by the Chancellor. It was recently remanded by the Chancellor to the Senate Executive Committee. The Committee will consider it further and may amend it prior to presenting it again to the Senate body. Should the Senate vote to do so, it will again transmit the procedure to the Chancellor for approval.

RETURNING STUDENTS PROGRAM

Are you 25 or over and beginning or coming back to school after a break in your formal education? If so, the Returning Students Program, located on the second floor of the Shoemaker Building in the Reading and Study Skills Lab, offers you many resources. The Returning Students Program's professional counselors and returning students trained as peer advisors are available to help you. Call 454-2935 or stop by to see us. Our free workshops in study skills, time management, goal setting, exam skills, and library skills are scheduled several times during each semester. EDCP 108R — a one-credit College Aims course for returning women is offered Fall and Spring semesters, and EDCP 498F — Student-to-Student Counseling Course for Returning Students, a three-credit course to train peer counselors, will be offered Summer Session I.

FOREIGN STUDENT INFORMATION

Students on Nonimmigrant Student (F-1 and J-1) Visas:
In order to maintain full-time student status, undergraduate students are expected to register for and complete a minimum semester credit load of 12 hours; graduate students are expected to register for and complete a minimum of 48 graduate units per semester.

All foreign students:
Every time you change your address and/or telephone number, be sure that this new information is filed with the Office of International Education Services, North Administration Building, Room 2115. Telephone 454-3043.

GENERAL ACADEMIC INFORMATION

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

REQUIREMENTS FOR RETENTION AND GRADUATION

1. A minimum of 120 credits of successfully completed (not I, F, or W) course credits are required for graduation in any degree curriculum. Credits transferred, or earned during prior admissions terminating in academic dismissal or withdrawal and followed by readmission, will be applicable toward meeting credit requirements for a degree.
2. A full-time student will be placed on academic probation at the end of any semester in which he does not achieve a total of 24 quality points for that semester. An exception to this rule will be made for full-time students registered for less than 12 credits at the end of the Schedule Adjustment Period (the close of the 10th day of classes) who will be required to earn: 18 quality points if registered for 9 credits, 20 quality points if registered for 10 credits; and 22 quality points if registered for 11 credits. Exceptions are also allowed for all full-time students in their first semester of registration on the College Park Campus, who must earn at least 18 quality points for that semester. This exception does not apply to students who have earned more than 8 credits through previous registration in the University.
3. Any student, full- or part-time, who fails to maintain a minimum *cumulative* average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus (with grades of A, B, C, D, P, S, or F), plus any credits transferred, is 45 credits, will be placed on academic probation. Credits completed with grades of A, B, C, D, and F, but not S, P, or I will be used in the computation of the cumulative average.
4. A student who does not meet the academic standards for any given semester will be placed on probation and must display acceptable performance in quality points and cumulative average (if applicable) during the next semester in order to regain good academic standing. A student who has not previously been dismissed will be dismissed at the end of the second consecutive, or fourth non-consecutive semester of unacceptable performance. Courses for which the mark "W" is recorded are excluded from computations of quality point and cumulative average totals at the end of the semester. However, such courses remain in computation of the minimum quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
5. A student who has been academically dismissed and who is reinstated, will be academically dismissed again if he does not meet the academic standards for any two additional semesters after his return. In the computation of his cumulative average after return, all credits attempted at the University of Maryland will be used.
6. When a student is placed on academic probation or is academically dismissed, the action shall be entered on the student's official and permanent record.
7. Any course may be repeated, but if a student repeats a course in which he has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the higher mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades.
8. Any appeal from the regulations governing academic probation or academic dismissal shall be directed to the Petition Board, which shall be empowered to grant relief in unusual cases, if the circumstances warrant such action.

MARKING SYSTEM

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computations of cumulative or semester averages a mark of B will be assigned a value of 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor. It is the student's responsibility to request arrangements for completion of the work. An "Incomplete Contract" should be drawn up between student and instructor outlining these arrangements. A copy of this is to be filed in the Department Office. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.
10. The *mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. *Audit.* A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

CREDIT BY EXAMINATION FOR UNDERGRADUATE STUDENTS

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or prepared by the department granting the credit. When standardized CLEP (College Level Examination Program) examinations are available and University of Maryland approved, they may be used.
2. Any student may take a course by examination by obtaining an application form from Dr. Helen Clarke (Room 3151, Undergraduate Library), paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
3. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
4. Application for credit by examination is equivalent to registration for a course; however, the following conditions apply:
   A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
   B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)
   C. No course may be attempted more than twice.
   D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
5. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. The quality points earned on credit by exam are not counted in the current semester's quality point total. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
6. Undergraduate students may earn by examination no more than half the credits required for the degree.
7. Fees for Credit by Examination.
   A. Fees for CLEP (College Level Examination Program) and other standardized examinations.
      (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
   B. Fees for University administered examinations to establish credit.
      (1) All undergraduate students are charged $30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.

PASS-FAIL OPTION DEFINED UNDERGRADUATE

1. An undergraduate who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: Changes of grading option (e.g., Regular to PASS-FAIL) may be processed only during the first ten days of classes.

GRADUATE — Not eligible for the PASS-FAIL grading option.

GUIDELINES TO ADMINISTRATION OF EXAMINATIONS AND TESTS ON RELIGIOUS HOLIDAYS

Examinations and tests: All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the Schedule of Classes and/or the Undergraduate Catalog. Unpublished changes in the scheduling or location of classes/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes, tests and examinations.

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given within a time limit that retains currency of the material. The make-up must not interfere with the student's regularly scheduled classes. In the event that a group of students require the same make-up examination, one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

A GUIDE TO THE RETENTION PLAN

The material printed below is meant to illustrate graphically certain provisions of the academic RETENTION PLAN. It can serve, for both new and experienced students, as a guide for schedule planning and schedule change. It is *not* meant as a substitute for a thorough reading of "Requirements for Retention and Graduation," as found elsewhere in this Schedule or in the Undergraduate Catalog. This material was prepared by Dr. Joseph F. Metz, Jr., Assistant Dean for Undergraduate Studies, and the staff of the Undergraduate Advisement Center.

TABLE I

The College Park Retention Plan is based on (1) QUALITY POINTS *and* (2) CUMULATIVE AVERAGE. Here's how to compute both.

(1) QUALITY POINTS (Q.P.'s): For each semester, Q.P.'s are awarded for grades of A, B, C, D, P, and S. To figure how many Q.P.'s you have earned, or expect to earn, for each of your courses, do the following:

Q.P.'s given for expected or Actual Grade		Number of Credits in The Course		Total Quality Points for the Course
	A= 4 B= 3 C= 2 P= 2* S= 2* D= 1 F= 0	×	=	

EXAMPLE: Semester Schedule of 15 Credits —

Course	*Grades*	*Credits Earned*	*Q.P.'s*
ENGL 101	C	3	6
MATH 110	B	3	9
ZOOL 101	A	4	16
EDIN 101	P*	2*	4*
PSYC 100	D	3	3
		15	38

*These count only in figuring your Q.P.'s for the semester. They are not counted in your cumulative average.

(2) CUMULATIVE AVERAGE: Your cumulative average is based on TOTAL CREDITS ATTEMPTED — Any course you've ever taken at any of the University campuses for which you've been assigned a Grade of A, B, C, D, or F — and the TOTAL NUMBER OF QUALITY POINTS you've earned for these courses. (See Note below for Repeated Courses). Courses for which a Grade of "P" or "S" has been assigned are NOT included. To figure your cumulative average do the following:

NUMBER OF Q.P.'s EARNED	÷	NUMBER OF CREDITS ATTEMPTED	=	CUMULATIVE AVERAGE

EXAMPLE: Semester Schedule of 15 Credits (See Example Above)

Course	*Grades*	*Credits Attempted*	*Q.P.'s*	*Cumulative Average*
ENGL 101	C	3	6	
MATH 110	B	3	9	
ZOOL 101	A	4	16	Q.P.'s Earned — 118
EDIN 101	P	(2)	(4)	÷
PSYC 100	D	3	3	Credits Attempted — 40
Current Semester Totals		13	34	=
Previous Semester Totals		27	84	2.95
Total Credits		40	118	

NOTE: If you repeat a course that you took in the Fall Semester, 1973, or any semester since then, count only credits and quality points for the higher grade received for that course when figuring total credits attempted and total quality points.

TABLE II

MINIMUM QUALITY POINT REQUIREMENT:
If, at the end of Schedule Adjustment Period (First 10 days of classes) You are officially registered for:

12 or more credits	11-9 credits	8-1 credits
You must earn for this semester a minimum of:		
24 Quality Points (On grades of A, B, C, D, P, and S. Marks of F, W, and I do not confer Quality Points) Note: See Table III, below for exceptions	22 Q.P.'s for 11 credits 20 Q.P.'s for 10 credits 18 Q.P.'s for 9 credits	For part-time students there is no minimum quality point requirement. Note: If you have completed 45 credits, you must fulfill the cumulative average requirement, below.

CUMULATIVE AVERAGE REQUIREMENT:

If at the end of last semester, your total number of credits completed was 45* or more, then at the end of this semester you must have:

The Minimum Quality Point Requirement (Full-time Students — 9 or more credits)	*and*	A Cumulative Grade Point Average of 1.95 (Full-time *and* Part-time Students)

+On your grade report for last semester, add "hrs. attempt." *and* "transfer credit level" and pass-fail courses to see if you have 45 or more.

Credits completed with grades of A, B, C, D, and F, but not S, W, P, or I will be used in the computation of the cumulative average.

If these requirements are not met, Academic Probation will result. Two consecutive or four non-consecutive semesters of Academic Probation will result in Academic Dismissal.

TABLE III

Are you registering at the College Park Campus for the *First Time*? If so, then here's what you need to earn in your first semester for the Retention Plan:

A. FULL-TIME FRESHMAN[2] with no more than 8 credits earned through prior college/university attendance —	B. FULL-TIME TRANSFER[3] STUDENT with 44 or fewer credits accepted for transfer —	C. FULL-TIME TRANSFER[3] STUDENT with 45 or more credits accepted for transfer —

FOREIGN LANGUAGE PLACEMENT

ARTS AND HUMANITIES REQUIREMENTS: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign language in the division, although he may elect to do so.

However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

FRENCH DEPARTMENT: A departmental placement exam will be given to *all* students registering *for the first time* on this campus for French language courses in the basic and intermediate sequence (100 level and 201 and 211). The examination will be administered in the language laboratory of the Language Media Center during the week prior to preregistration, during preregistration and during registration week from 8 a.m. to 3 p.m. The exam may be taken during those hours at the student's convenience. Students should take this examination before registering so that they may be placed at the proper course level. Results will be posted in the Department of French and Italian. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam. Meanwhile, those wishing to register prior to taking the exam may find the following guidelines helpful: French 101 for those with less than two years of French; French 103 or 104 for those with two years or more. *Do not register for 102 unless you have had French 101 on this campus.* A student who has taken French 101 or 103 on this campus, or their equivalent on any other campus, *may not* take French 121 (Accelerated French I) for credit. "Audit," however, is permitted. Any student who has taken French 104 on this campus, or its equivalent on any other campus, *may not* take French 122 (Accelerated French II) for credit. Again, the option of "Audit" remains open.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain of their ability to take Spanish 104, or (2) they wish to be exempted from Spanish 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Spanish 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Spanish 101 must follow the prescribed sequence of Spanish 101, 102, and 104.

Students who feel uncertain of their ability to take Spanish 104 may choose to take Spanish 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the divisional language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

GERMAN AND SPANISH PLACEMENT EXAM SCHEDULE

During the semester there will be placement testing in Room 0106, Shoemaker Building. To be admitted for testing, students must have a picture I.D. Call R. Williams, X2931, for appointment. Testing during Spring Registration will be Wednesday, January 17, 1979, at 3:30 p.m. in the Testing Room, Shoemaker Building. Bring a picture I.D. in order to be admitted.

GENERAL UNIVERSITY REQUIREMENTS (G.U.R.)

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

I. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (see PASS-FAIL OPTION DEFINED).

Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences: Human and Community Resources.

Area C: 6-12 hours in the Division of Arts & Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.

II. New freshman students who entered the University during Summer Session, 1978, or who were admitted for Fall semester, 1978, must complete six credits of English composition. The specific required courses are ENGL 101 *and* ENGL 391 or 393. Exemptions based on SAT-VERBAL scores and ADVANCED PLACEMENT scores are allowed. Questions about exemptions for individual students should be referred to the English Department, extension 4160.

Only three credits of the required six credits in English Composition may be applied toward fulfilling General University Requirements. When used, these three credits may be *in addition to* the twelve-credit maximum in Area "C." None of the composition credits, however, may be used to satisfy the minimum six-credit requirement for Areas "A," "B," "C," *or* the nine-credit upper division requirement.

The English Department strongly advises entering freshmen to fulfill the first composition requirement during their first year of coursework. Since junior standing is a prerequisite for ENGL 391 and 393, students should register for the second semester of composition only after having earned fifty-six semester hours of credit.

To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS ON ACADEMIC PROBATION, STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes*. Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 3151, Undergraduate Library, 454-2733 or 454-3040.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

UNDERGRADUATE — limited to 19 semester hours

Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration Materials.

GRADUATE — limited to 15 semester hours

GRADUATE STUDENTS with a Teaching or Research Assistantship — limited to 10 semester hours

FULL-TIME STATUS DEFINED

Effective August 1973, official status (either full-time or part-time) for academic purposes will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE – Full-time – Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 14 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS with Teaching or Research Assistantship — Full-time — Registered for minimum of 24 graduate *units* at end of the Schedule Adjustment Period.

TABLE FOR COMPUTING GRADUATE UNITS

COURSE NUMBER	GRADUATE UNIT
000-399	2 units per credit hr.
400-499	4 units per credit hr.
500-599	5 units per credit hr.
600-898	6 units per credit hr.
799	12 units per credit hr.
899	18 units per credit hr.

COURSE NUMBERING SYSTEM DEFINED

UNDERGRADUATE – eligible to register for courses numbered 000-499. Freshmen and sophomores may not take 300-499 numbered courses. Any exceptions require special permission from the Dean or Provost.

GRADUATE — eligible to register for courses numbered 400-899.

COURSE NUMBERING SYSTEM

NUMBER	ELIGIBILITY
000-099	Non-credit course
100-199	Primarily freshman course
200-299	Primarily sophomore course
300-399	Junior, senior course not acceptable for credit toward graduate degrees.
400-499	Junior, senior course acceptable for credit toward some graduate degrees.
500-599	Professional School course (Dentistry, Architecture, Law, Medicine) or post-baccalaureate course.
600-899	Course restricted to graduate students
799	Masters Thesis credit
899	Doctoral dissertation credit
	Courses with last digit of 8 or 9 can be repeated for additional credit

UNDERGRADUATE STUDENT CLASSIFICATIONS DEFINED

Freshman	1-27 semester hours
Sophomore	28-55 semester hours
Junior	56-85 semester hours
Senior	86 to at least 120 semester hours

ZERO-LEVEL COURSES

	FOLA 001	FOLA 002
GERM 001	MATH 001*	RUSS 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

*Math 001 fees are also discussed under "Fees and Expenses."

WHAT'S NEW AND INTERESTING

DISTINGUISHED SCHOLAR-TEACHER COURSES

The Campus this year has initiated the *Distinguished Scholar-Teacher Program* whereby five outstanding teacher-scholars will offer a series of special courses with an interdisciplinary emphasis. Each of the Distinguished Scholar Teachers will offer one course open to undergraduate students regardless of major. For the *spring* semester, the courses and their instructors will be:

Prof. James Gilbert, Department of History
HIST 219D — INDIVIDUAL, COMMUNITY AND CULTURE: Preoccupations of 20th Century Society (3). TuTh 11-12:15. The purpose of this course is to explore from an historical perspective five important issues which run through the thinking of Americans from the end of the Nineteenth Century to the present. All of these issues express dissatisfaction and sometimes puzzlement with the profound transformations of society that have occurred since the intensive industrialization of the United States. These issues grow out of traditional preoccupations and they look to the future; they concern radicals and conservatives; and they are of significance to several fields of academic endeavor.

Prof. Warren Johnson, Department of Health Education
HLTH 477 (0101) HUMAN SEXUAL BEHAVIOR (3). TuTh 12:30-1:45. This course is concerned with basic information about biological, psychological, developmental, social, historical, cultural, linguistic, legal and moral aspects of sex.

These professors represent the best instruction offered at College Park. In view of the general interest of these courses, the instructors will welcome to the classroom any member of the Campus community who wishes to attend some or all of the lectures. No advance arrangements are necessary.

DEPARTMENT OF ADMINISTRATION, SUPERVISION, AND CURRICULUM

EDAD 798V — GRANTSMANSHIP IN THE FIELD OF EDUCATION (3). Learn to identify appropriate funding sources, prepare narrative and budget, manage the award and benefit from disapproved proposals. Students will define their own area of interest, formulate a project, locate potential funding and write a proposal.

DOCTORAL PROGRAM OFFERINGS IN A-S-C IN THE BALTIMORE METROPOLITAN AREA

Initial steps are being taken to begin a doctoral program in Educational Administration, Supervision, and Curriculum in the Baltimore Metropolitan Area. The program proposes to prepare individuals for positions of leadership in schools, colleges, and professional organizations; and community, state, and federal agencies. Along with the commitment to the preparation of leaders is that of involvement in continuous in-service education of current educational leaders. Because the Department of Administration, Supervision, and Curriculum is an all-graduate department, students enrolling in these courses must be in the Graduate School. The following courses will be offered in the Baltimore Metropolitan Area in the Spring Semester 1979.

EDAD 616A — PUBLIC SCHOOL SUPERVISION (3). The nature and functions of supervision: various supervisory techniques and procedures; human relationship factors; and personnel qualities for supervision.

EDAD 630A — ELEMENTARY AND SECONDARY SCHOOL LAW (3). Selected court opinions, legislation and executive guidelines regulating elementary and secondary education. Equal educational opportunity, first and fourth amendment rights of students and teachers, tort liability for negligence, equal protection in hiring, firing and non-renewal of teachers, individual and institutional liability for federal civil rights violations and common law torts. No prior legal training required.

AFRO-AMERICAN STUDIES PROGRAM

AASP 298L — BLACKS AND THE LEGAL PROCESS: A CASE ANALYSIS. This course surveys and analyzes the major court cases of the 19th and 20th centuries involving serious impact on Afro-Americans. The political, social, and economic consequences of these cases will also be considered.

AASP 298M — THE BLACK STUDENT MOVEMENT IN AMERICA. A study of the origins and development of the black student movement in America. This course will examine the problems of the black student, especially the college student, and the various responses to these problems. Of special concern will be the history of black student activism and protest as one of these responses to the problems. There will be a focus of some specific black student revolts of the 1920's and the 1960's. Linkages with black student movements elsewhere will be examined.

AASP 298R — THE CIVIL RIGHTS MOVEMENT. This course traces the trends, strategies, and issues of the Civil Rights Movement in the United States from A. Phillip Randolph's 1941 proposed march on Washington thru Martin Luther King, the Student Non Violent Coordinating Committee, the Civil Rights Acts of the 1960's and the Bakke decision.

AASP 298S — BLACK POLITICS IN THE UNITED STATES. An examination of the roles played by blacks in political parties in the United States from the 19th to the present century. Special attention will be given to black political parties and the political alternatives offered by such groups.

AASP 298V — THE BLUES AS CULTURAL ART FORM. This course will consist of listening to various forms of Blues Music, viewing video tapes/movies and documentaries of performances by Blues artists. Artists, folklorists, historians, musicologists and other authorities on Blues will be brought in periodically to address the class. Selected reading and listening assignments along with creative projects will stimulate and support discussion.

AASP 300 — THE BLACK COMMUNITY AND PUBLIC POLICY. A study of the role and impact of the black community in public policy formulation: scope and methods in public policy focusing on specific problems in the black community; analysis and review of relationships between the policy makers and the community. With permission of the program, students may elect to devote time to specific community projects as part of the requirements of the course. The student will not serve in an agency in which he or she is already employed.

AASP 411 — BLACK RESISTANCE MOVEMENTS. This is a history of black people's reaction to their oppression as slaves in the new world and as colonial subjects on the Continent. Thus, the slave rebellions and the civil rights struggle as well as the current revolution are surveyed as are the anti-colonial struggles in the Continent. In general, it examines the background of the old claims that blacks did not react strongly against their oppression.

AASP 428N — EVOLUTION OF APARTHEID IN SOUTHERN AFRICA. An examination of the ins and practices of Apartheid, centered on South Africa, but with reference to the system's impact on other Southern African states.

AASP 428Y — THE BLACK FAMILY IN AMERICA. This course is an analysis of the black family past and present, with emphasis on the black family as it exists today. Topics to be covered will include: types of black families; the extent and types of material resources available; the contribution of working wives; marital stability and divorce; and the degree to which black families are able to pass on advantages to their children.

AASP 429Q — AFRO-AMERICAN FOLKLORE. The culture of blacks in the U.S. is viewed in terms of history (antebellum to present and folklore rural to urban). Oral traditions and life histories are used to explore aspects of black culture and history. This course will enable students to study a significant body of materials which have bearings on American history, folklore, and contemporary social problems.

AASP 429J — AFRICAN RELIGIONS, MAGIC, AND WITCHCRAFT. A critical examination of the foundations and implications of African religions and philosophical outlook in comparison with the Judeo-Christian and Islamic traditions.

AASP 429M — HISTORY OF BLACKS IN MOTION PICTURES (3) (Th. 2:00-4:30). A historical survey of the portrayal of blacks in U.S. motion pictures from past to present, with an examination of the social and political consequences of the practices of the motion picture industry to the black struggle and identity.

AASP 429Q — THE HISTORY AND POLITICS OF THE BLACK ATHLETE IN AMERICA. This course analyzes the impact and social significance of the black athlete in America from the 19th century to the present, through an examination of the interplay of sport and society. Of particular concern will be the impacts of Jack Johnson, Joe Louis, Jackie Robinson, Olympic competition and other personalities, organizations, events and issues.

CAREER DEVELOPMENT CENTER AND RELATED PROGRAMS
454-2813

WHEN YOU GRADUATE, WILL YOU? Fall into any "ole" job? — Work for your Mom or Dad? — Be dissatisfied with your job? — Go to Graduate School to avoid working? — Flounder? — Travel until your money runs out? — Panic? — PLAN NOW! — Visit the Career Development Center and make an appointment or join an on-going group.

WHAT IS CAREER DEVELOPMENT? WHAT'S THE CAREER DEVELOPMENT CENTER? Career development is simply a process whereby you get to know yourself (interests, skills and values), are able to relate that "self" to a variety of career options, set some personal and career objectives by making information-based decisions and then plan a strategy to achieve a job or graduate school position consistent with those decisions. The CAREER DEVELOPMENT CENTER can teach you this life-long useful process through its programs, resources and services — Career Counseling, Group Programs, Career Library with a wealth of information: full, part-time, and summer job leads; graduate school information; handouts on "Careers In" various fields; reference material on job strategies — On-Campus Recruiting Program — Career Advisors for each Academic Division —

DEPARTMENT OF CHEMISTRY

CHEM 628 — TRACE ORGANIC ANALYSIS. The goals of this course include the teaching of (1) the sampling strategy and statistical concepts needed for meaningful trace organic analysis of complex matrices such as environmental, agricultural, or industrial products; (2) modern techniques for preconcentration, extraction, group separations, ultrapure reagents and containers, and laboratory environment; and (3) the interplay and hierarchy of laboratory instrumentation and technique, with emphasis on the role of modern gas chromatography/mass spectrometry. Enrollment is limited to 10, and permission of the instructor is required. Contact Dr. David Freeman, C-2212, ext. 5120, for additional information.

CHEM 702 — RADIOCHEMISTRY LABORATORY. The course was completely revised with all new experiments in the Spring 1978 semester to bring in the latest methods of nuclear counting. Experiments start with conventional counting with beta-proportional counters and solid and liquid scintillation for tracers in chemistry and biochemistry. The course then proceeds to the most sophisticated methods available using Ge(Li) detectors, computer storage and treatment of data, coincidence counting, instrumental neutron activation analysis and other experimental methods involving use of the Maryland reactor and cyclotron. The formal prerequisite is CHEM 403, but other comparable experience may be accepted. Enrollment is limited to 12, and permission of the instructor is required. Contact Dr. William Walters, C-0129, ext. 4421, for additional information.

CHEM 898M — MEDICINAL NATURAL PRODUCTS. Seminar on the organic chemistry of natural products, with special reference to medicinal plants. There is a growing interest around the world in traditional medicine. A recent World Health Organization policy statement has directed the attention of the chemist to the study of compounds with potential pharmaceutical value. The seminar will be conducted by Professor Tuley DeDilva of the University of Sri Lanka. Contact Dr. Cyril Ponnamperuma, C-3130, ext. 5676, for additional information.

CHEM 898N — NUCLEIC ACID STRUCTURE. A number of recent findings has raised questions about the double-helical nature of DNA. A foremost proponent of this development is Professor Gorden Rodley, of the University of Canterbury, Christ Church, New Zealand. Professor Rodley will be associated with the Laboratory of Chemical Evolution during the Spring semester, and will conduct most of the seminars. Guest lecturers from NIH, Johns Hopkins University, and others will also contribute. Contact Dr. Richard Goldsby, C-3500, ext. 4285, or Dr. Cyril Ponnamperuma, C-3130, ext. 5676, for additional information.

CHEM 898R — GAS-PHASE KINETICS. Modern laser technology has spawned a new kind of chemistry — multiphoton infrared photochemistry. This course will develop the concept of multiphoton absorption of infrared radiation, ergodic behavior, and intermolecular energy transfer. The lectures will be given by Dr. Walter Braun, Visiting Professor of Chemistry from the National Bureau of Standards. Contact Dr. James R. McNesby, C-1320, ext. 4114, for additional information.

EXPERIENTIAL LEARNING PROGRAMS

Room 0119, Undergraduate Library Building, 454-4767

WHAT IS FIELD EXPERIENCE?

Field experience is one of the University of Maryland's most exciting learning experience opportunities. It provides the student with practical work experience which, in our society, is invaluable for entry and advancement in a career. Experiential Learning Programs (ELP) offers three major programs and directs students to several additional options, all of which are designed to give them first-hand experience within their areas of major concentration and/or interest:

VOLUNTEER SERVICE/LEARNING

We maintain a listing of field experience opportunities in over 1000 agencies in the Washington, D.C. Metropolitan area which have expressed interest in working with University students. Using this "library" of contacts, and the advisors in ELP, students arrange agency placements relating to their interests — academic or otherwise. Volunteer experiences provide students with career-related positions free from the complications of arranging credit or pay and introduce students to their fields of interest on a first-hand basis.

INTERNSHIPS

An internship is a work experience granted academic credit by a University of Maryland faculty member. As in the volunteer program, students look through our agency listings for information about placement opportunities relating to their interests. Using this information:

1. They contact agencies and arrange part-time work placement.
2. They then negotiate with a University faculty member to receive academic credit in recognition of the educational value of the proposed work experience. Usually, the professor will want the student to produce some project connecting the student's work experience with the educational value of that work experience (e.g., a paper; a journal).
3. After all details are worked out, the professor and student draw up an informal contract to ensure that they both understand what is expected.

Sometimes, a professor will see a widespread need for field experience education in his/her academic discipline, or he/she may have professional connections with an agency willing to work with a number of students at a time. In such cases, his/her academic department offers a field experience *course*. Just as with individual internships there are two parts to such courses:

1. Work experience generally volunteer, in business, industry, government, or social service agencies;
2. Faculty supervision/consultation — to provide an analysis of the work experience.

Check with ELP for an updated list of field experience courses being offered by many departments on campus.

COOPERATIVE EDUCATION

Cooperative Education is our most intensive option of learning by experience. Students alternate two semesters of full-time, fully paid work in business, industry, or government agencies with a semester of full-time study. At the end of this work-study-work sequence, students have:

1. Gained experience in their chosen field, which will do a great deal to introduce them to their field and to the job market.
2. Defrayed a good portion of their educational expenses with the money earned.

FOREIGN LANGUAGES

FOLA 158-159 — (MacBain). This series offers new opportunities for learning the less-commonly taught languages and for making very rapid progress through the elementary stages of some of the standard languages such as French and Russian. The program is essentially one of independent study, but sessions with native speakers are scheduled each week to provide more active use of the language. The program focuses principally on the acquisition of the spoken language. The Spring semester program will offer modern Greek, Hungarian, Romanian, Dutch, Polish, French (6 credits only), Russian (6 credits only), and possibly other languages. Not open to native speakers. No credit by examination.

FOLA 459A — YIDDISH CULTURE: THE IMMIGRANT EXPERIENCE. Literature of immigrants and survivors from the early twentieth century to the present which explores the confrontation between the European Jewish tradition and the American experience. Immigrant literature by Sholem Aleykhem, Abraham Cahan, Anzia Yezierska and contemporary works by Malamyd, Bellow, I. B. Singer, Cynthia Ozick and others. Irving Howe's *World of Our Fathers* will be reserved for background and reference.

DEPARTMENT OF FAMILY AND COMMUNITY DEVELOPMENT

FMCD 499P — SPECIAL TOPICS: SEXUAL ISSUES AND THE HELPING PROFESSIONAL. This course is designed to sensitize students who are preparing for a career in the helping professions (or may be in practice already) to the sexual issues which are commonly a part of clinical or educational practice. OTHER COURSES OF SPECIAL INTEREST

PHIL 173 — ANALYTICAL READING (Pasch). No prerequisites. A rigorous introduction to logic that differs from PHIL 170 by concentrating on developing the ability to see the logical structures of written passages in a diversity of styles. Students are given a basic inventory of standard valid argument forms, and a great deal of practice in applying these forms to the analysis of arguments compiled from philosophical, scientific, and legal writings from Plato to Watergate.

PHIL 233 — PHILOSOPHY IN LITERATURE (Levinson). No prerequisites. We will ask some philosophical questions about literature, and then explore the way in which literary works can be said to contain philosophy or express philosophical positions. The bulk of the course will consist in examining a number of literary works with regard to their philosophical content. We will be interested not only in *what* ideas and views a work presents, but in the *assessment* of those ideas and views for their own sake. Probable readings include Dostoevsky (Notes from Underground), Tolstoy (Kreutzer Sonata), Borges (Labyrinths), Barth (End of the Road), Sartre (Nausea), Rilke (Notebooks of Malte Laurids Brigge), Gide (Latcadio's Adventures), Abe' (Woman in the Dunes).

PHIL 308B — PHILOSOPHICAL ISSUES IN FEMINISM (Kittay). No prerequisites. The isolation and critical analysis of conceptual issues underlying sexism. Among the concepts to be explored are "the feminine", "the other", the nature/culture dichotomy, and the overarching notions of equality, oppression, and liberty. These will in turn be related to specific aspects of human life and endeavors, particularly work, marriage, family, forms of violence, love, language, art, and myth. The course demands an active participation in class discussion.

PHIL 308L — PHILOSOPHICAL ISSUES IN PUBLIC POLICY: AN INTRODUCTION (MacLean). No prerequisites. This course will identify and discuss the philosophical issues that are central to a wide range of current discussion and debate about matters of public policy. It will consist of philosophical arguments and applications of policy. The philosophical concepts include the nature of rights, distributive justice, social decision-making, coercion, and representation. The cases to which these concepts are to be applied include human rights in foreign policy, welfare, justice between generations, abortion laws, reverse discrimination, and government regulation of the economy.

PHIL 328 — SPINOZA (Kittay.) Prerequisite: PHIL 320 or consent of instructor. A detailed study of Spinoza's *Ethics*, with some attention given to the political works. We shall study Spinoza's work both with regard to his contributions to a number of central philosophical problems and with regard to his response to the scientific and philosophical climate of the seventeenth century.

PHIL 345 — SOCIAL AND POLITICAL PHILOSOPHY I (Golash). No prerequisites. The focus of the course will be on two central problems: the legitimacy of the state and the just distribution of wealth. The reasons for fundamental disagreements among philosophers on these issues will be explored, and the possibility of resolving such differences will be discussed.

PHIL 373 — ANALYTICAL WRITING (Pasch). Prerequisite: one course in logic. Intended for juniors and seniors who already write well but wish to develop a prose style more suitable for writing clearly and critically about ideas. This aim will be approached through a consideration of (1) the deductive techniques acquired in an earlier logic course, (2) indirect arguments that exploit conceptual difficulties (infinite regression, circularity, other paradoxes), (3) case-building techniques, including induction, (4) the use of counterexamples and the formulation of distinctions designed to foil them, (5) the nature of an English sentence, and the diseases that can afflict it, (6) a simple principle of good writing, from which all other rules of writing flow, and (7) the use of this principle in writing about abstract ideas. The course is not remedial; it is for good writers who want to write better.

PHIL 408B — LOGIC, COMPUTERS, AND MAN (Suppe). Since the invention of the first electronic digital computer in 1946, our society has undergone a Computer Revolution whose impact on daily life and the average person is as far-reaching as the Industrial Revolution of the nineteenth century. Understanding computers and the problems they pose should be an important part of a contemporary education. This course attempts to provide an understanding of the Computer Revolution, and particularly of its philosophical aspects. First, the course will provide the student with a clear understanding of how computers work and of their intrinsic capabilities and limitations. This portion of the course is mathematical in nature, and students will be asked to design simple computers to perform specified tasks. Second, the course will explore a number of computer-related issues, such as the impact of computers on science, the question whether computers can think, the idea of artificial intelligence, such ethical issues as computer invasions of privacy, and the use of computer models in charting public policy.

PHIL 408C — ETHICS SINCE RAWLS (Gorovitz). Prerequisite: PHIL 140. An examination of a selection of the most significant issues and writings in moral philosophy since the publication in 1971 of Rawls's *A Theory of Justice,* and a consideration of the application of moral philosophy to selected issues of public concern. Readings will focus on (1) discussions of Rawls's work, (2) Nozick's work and its critics, (3) contemporary moral issues as discussed in recent philosophical journals. Particular attention will be paid to the possibility of obtaining moral closure in a pluralistic society — of setting ethically acceptable policy in areas of moral contention. Among the examples for study will be the DHEW policy of in vitro fertilization, and problems of health care cost containment.

PHIL 412 — PLATO (Atherton). Prerequisites: PHIL 310 and 320, or consent of instructor. An intensive reading of selected dialogues from both the earlier and later periods, concentrating on developing an understanding of Plato's psychology and moral philosophy.

PHIL 453 — PHILOSOPHY OF SCIENCE II (Ehrlich). Prerequisites: PHIL 250 or an upper-division course in philosophy or a major in science or consent of instructor. A comprehensive survey of developments in the main problems of philosophy of science in this century. Among the topics to be discussed are the nature of theories, laws, explanation, scientific change, and the realism-instrumentalism controversy.

PHIL 457 — PHILOSOPHY OF HISTORY (Martin). No prerequisites. Four main topics will be discussed. (1) *Historical relativism.* We shall examine the most interesting of the arguments of Carl Becker, Charles Beard, and others, that historical accounts can not be objective. (2) *Idealism and the autonomy of history.* We shall examine the view of R. G. Collingwood that because historians explain not *natural* events but instead the *actions* of free, rational agents, the subject matter, methodology, and relation of evidence to thesis in history are peculiar to it. (3) *Positivism and the logic of historical explanation.* In his controversial paper, 'The Function of General Laws in History,' published in 1942, Carl G. Hempel stressed the underlying similarity between explanations in history and explanations in the natural and social sciences. We shall examine Hempel's paper and part of the voluminous and passionate response to it that has continued into the 1970's. (4) *The pragmatics of historical explanation.* Of growing interest among contemporary philosophers of history is the historian's practice of ranking the importance of the causes cited to explain an event. What is the meaning of the claim that one or more events is 'the cause' or 'the decisive cause' of another? What is the meaning of the claim that one contributory cause of an event is 'a more important cause' than another contributory cause of the same event? We shall crticially evaluate alternative answers to these and related questions.

PHIL 458 — PHILOSOPHY OF ECONOMICS (Hausman). Prerequisite: at least one course in philosophy or else a considerable background in economics. To the philosopher and layman curious about the nature and prospects of the social sciences, economics is of particular interest, since it appears to be the most 'advanced' of the social sciences. Is economics a science? Can it be a science? What is its logical structure? For the economist, in turn, systematic philosophy is of great importance because of the methodological peculiarities of economic theories. What is one to say of a theory whose 'laws' appear to be false? For the ethical thinker as well, economics is important. It offers tempting models of rationality and it contains pressing ethical questions. Can we specify the nature of social welfare in terms of individual preferences? For the social and political thinker, finally, economics is a key example of the objectivity of beliefs about society — or of their contamination by ideology. Is contemporary economic theory an example of bourgeois ideology? Questions of all these kinds will be considered in this course. The emphasis and the particular topics covered will be decided in part by the interest of the students enrolled.

PHIL 458A — SCIENTIFIC REALISM (Suppe). Prerequisite: PHIL 250 or consent of instructor. The contemporary debate over scientific realism is the successor to earlier debates over instrumentalism vs. realism. In examining the issues of scientific realism, this course will focus on two questions: (1) What does a realistic construal of science consist in? and (2) What would be required for a realistically construed science to be knowable? Recent and current philosophical debates over scientific realism will be examined, with particular attention to the writings of James Cornman and Wilfrid Sellars, and alternatives will be considered that do not figure in these debates.

PHIL 458B — PSYCHOLOGICAL THEORIES OF PERCEPTION (Schwartz). Prerequisite: at least one course in philosophy or psychology. The course will explore basic conceptual issues in the theory of perception. We will begin with a study of Berkeley's *New Theory of Vision.* This work and the problems it raised have played a prominent role in shaping competing accounts of perception. We will examine the development of these issues and their status in the current literature. Some of the topics to be covered are: innateness vs. learning, the Molyneux problem, what it means to perceive distance and causality, the concept of a perceptual illusion, perceiving pictures, what perceptual adaptation tells us about integrative functions of the mind, and the status of "unconscious inference".

PHIL 462 — THEORY OF KNOWLEDGE (Perkins). Prerequisites: PHIL 310 and 320, or consent of the instructor. We shall begin with a recent, sustained, analytic defense of a thoroughgoing scepticism — the view that we know nothing (Peter Unger, *Ignorance).* We shall then read part of a short book on "the new riddle of induction" (Nelson Goodman, *Fact, Fiction, and Forecast).* Last, we shall read a recent, sustained, analytical attempt to explain our knowledge of various subjects — perceptual knowledge of the physical world, historical knowledge, knowledge of other minds — through appeal to a theory of the meanings of statements and descriptive words as the justification-conditions for the words and the statements (John Pollock, *Knowledge and Justification).*

EARN OVER $650 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or a senior majoring in math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as $650 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll receive an additional year of advanced technical education. This would cost you thousands in a civilian school, but in the Navy, we pay you. And at the end of the year of training, you'll receive a $3,000 cash bonus.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have qualified for an elite engineering training program. With unequaled hands-on responsibility, a $24,000 salary in four years, and gilt-edged qualifications for jobs in private industry should you decide to leave the Navy later. (But we don't think you'll want to.)

Ask your placement officer to set up an interview with a Navy representative when he visits the campus,
or contact your Navy representative at 436-2072
If you prefer, send your résumé to the Navy Nuclear Officer Program, Code 312-B599, 4015 Wilson Blvd., Arlington, Va. 22203, and a Navy representative will contact you directly.
The NUPOC-Collegiate Program. It can do more than help you finish college: it can lead to an exciting career opportunity.

NAVY OFFICER.
IT'S NOT JUST A JOB, IT'S AN ADVENTURE.

SELF-INSTRUCTIONAL LANGUAGE PROGRAM

THE FOLA 158 AND 159 SERIES IS AN INNOVATION IN OUR COURSE OFFERINGS SUPPORTED IN PART BY A PILOT GRANT FROM THE NATIONAL ENDOWMENT FOR THE HUMANITIES. THE PROGRAM IS ESSENTIALLY SELF-INSTRUCTIONAL. THE STUDENT SUPPLIES A BLANK TAPE AND IN RETURN, RECEIVES A RECORDED TAPE WITH THE WEEKS LESSONS. THERE IS ALSO A MANUAL DESIGNED FOR SELF-INSTRUCTION WHICH THE STUDENT IS REQUIRED TO PURCHASE. A NATIVE-SPEAKING MONITOR WILL BE ASSIGNED TO DRILL THE STUDENT IN THE MATERIAL LEARNED FROM THE TAPE AND THE ACCOMPANYING MANUAL. EVERY EFFORT WILL BE MADE TO ARRANGE DRILL SESSIONS AT TIMES MOST SUITABLE TO ALL PARTICIPANTS IN THE PROGRAM.

THERE WILL BE ONE FINAL EXAMINATION ADMINISTERED BY A QUALIFIED EXAMINER APPOINTED BY THE DIRECTOR . THE ENTIRE SEMESTERS GRADE WILL DERIVE FROM THIS EXAMINATION.

ENROLLMENT IN THE PROGRAM IS STRICTLY LIMITED AND IS BY PERMISSION OF THE DIRECTOR FOLLOWING A PERSONAL INTERVIEW AND APTITUDE TEST. FOR FURTHER DETAILS AND TO SCHEDULE APPOINTMENTS FOR INTERVIEW, PLEASE CONTACT PROFESSOR MACBAIN (LL 3122, EXT. 4303). STUDENTS INTERESTED IN SELF-INSTRUCTIONAL COURSES IN LANGUAGES OTHER THAN THOSE LISTED BELOW SHOULD MAKE THEIR REQUESTS KNOWN AS SOON AS POSSIBLE. SINCE IT MAY BE POSSIBLE TO ACCOMODATE THEM NOW OR IN IN THE NEAR FUTURE.

Bucky Barrett,
Nashville, Tenn.
Studio Musician & Teacher

"YOU CAN'T MAKE THE SCENE UNLESS YOU CAN MAKE THE SOUND."

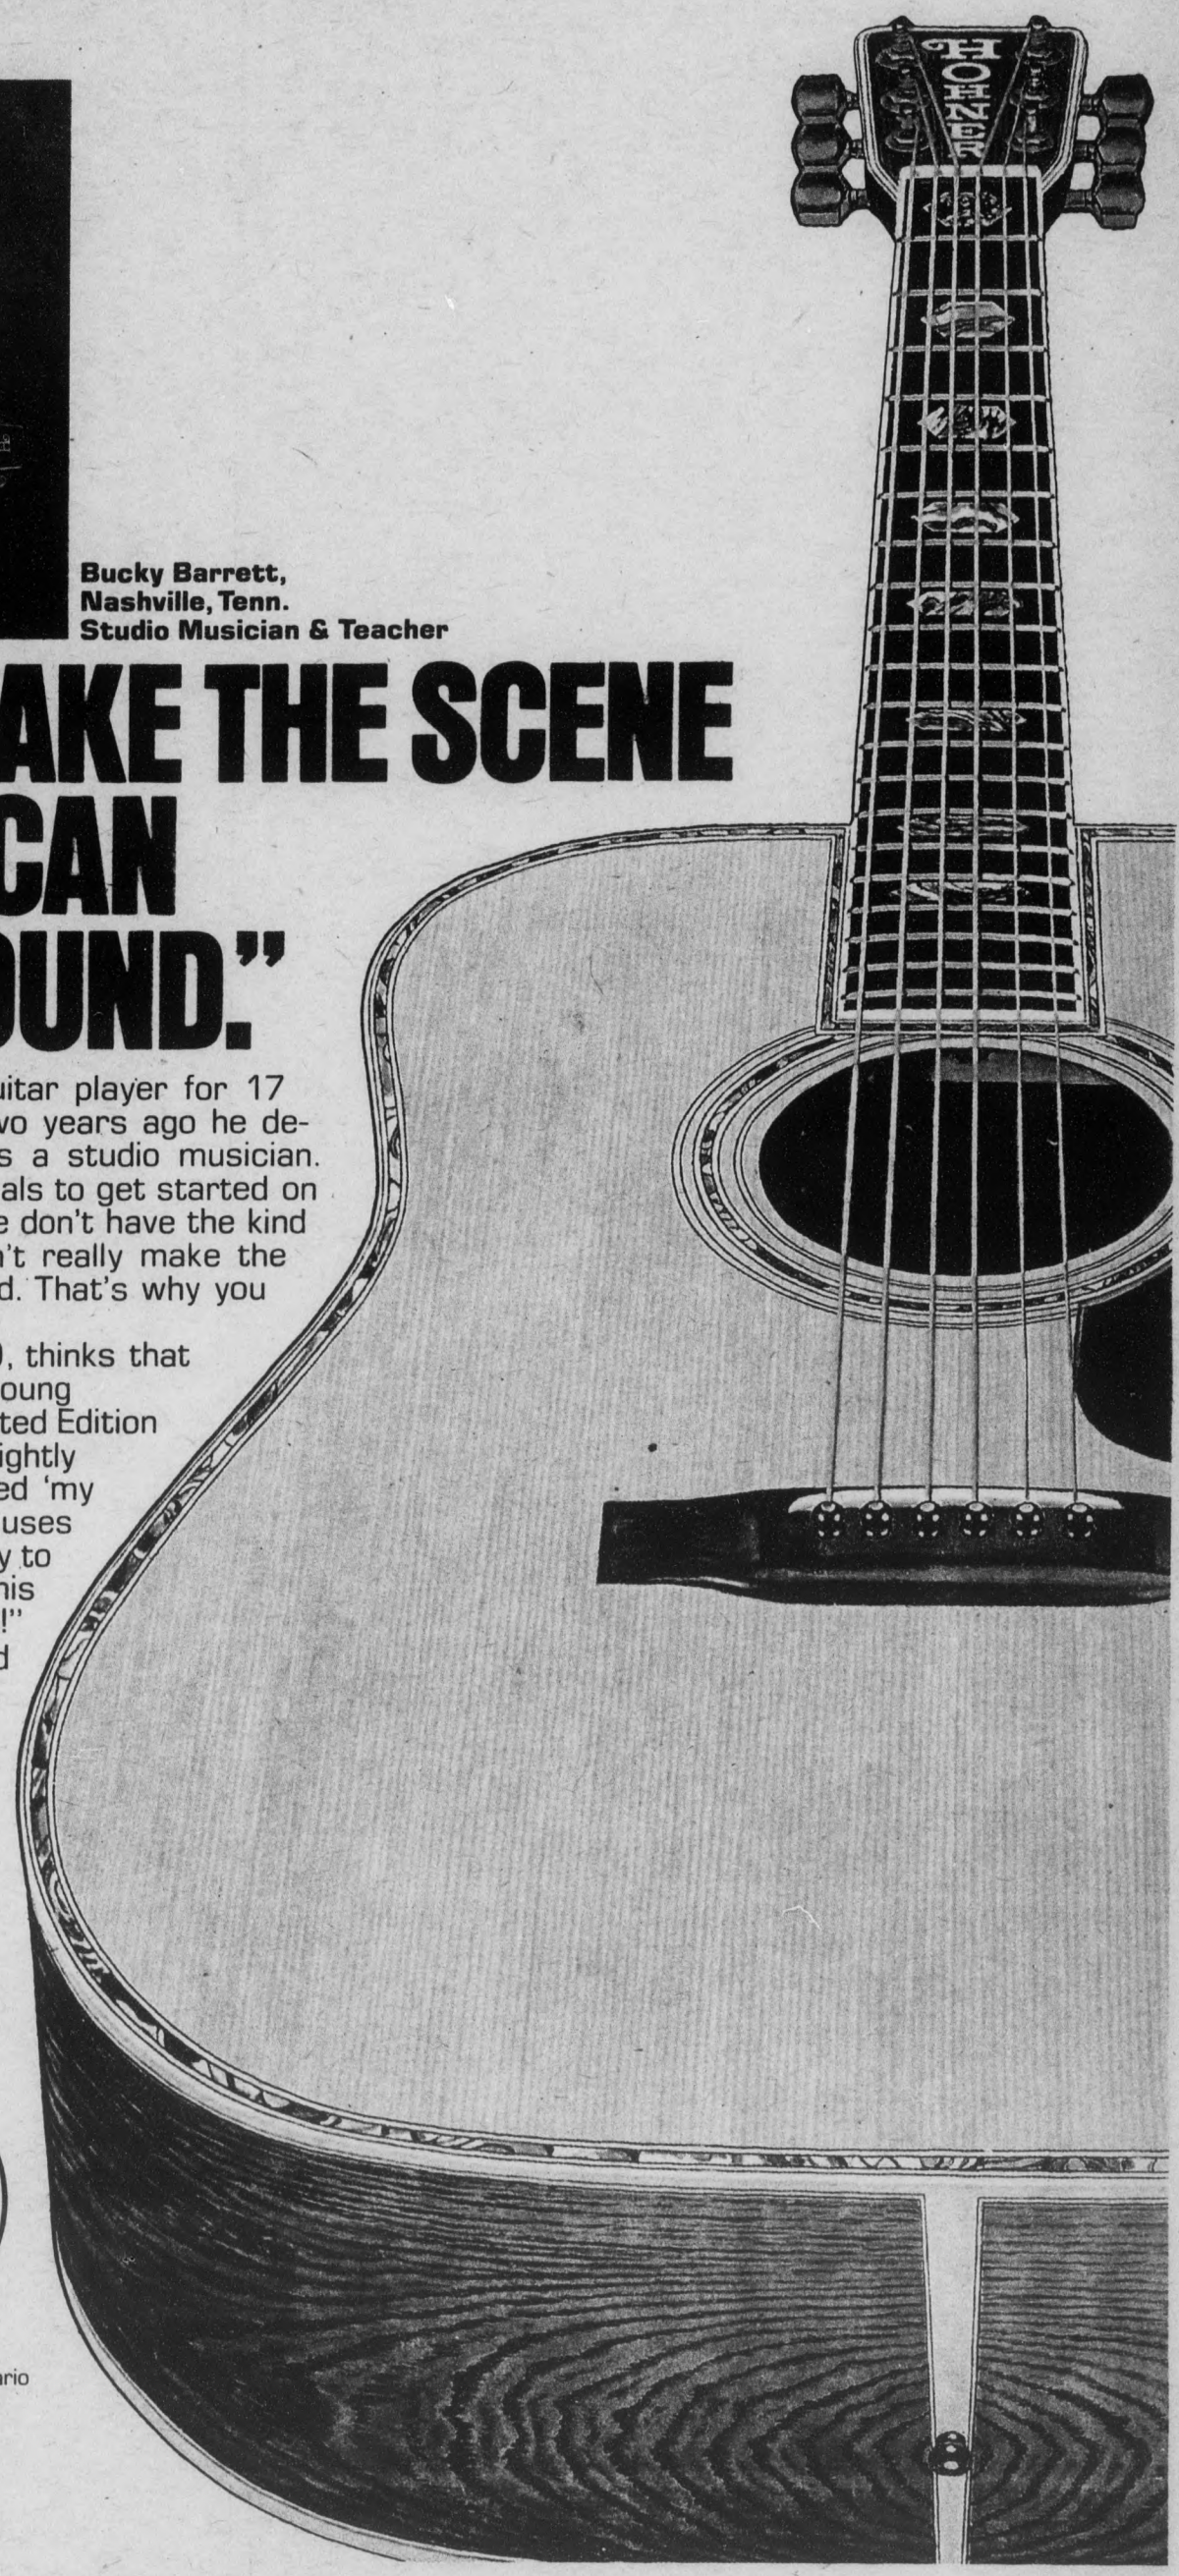
Bucky Barrett has been a professional guitar player for 17 years, playing road dates and concerts. Two years ago he decided to settle in Nashville to make it as a studio musician.

"It sure is hard for young professionals to get started on the road," says Bucky. "A lot of young people don't have the kind of cash you need. But a young player can't really make the music scene unless he can make the sound. That's why you need a first-class instrument."

Bucky, who owns a Hohner HG-360, thinks that Hohner's Limited Edition guitars meet the young professionals' needs. He purchased his Limited Edition instrument when he discovered it had a slightly "different," unique sound. "I really discovered 'my sound' with that instrument," he says. He uses the Hohner whenever he has the opportunity to add something personal and creative to his work. "I was also surprised by its low price!"

"I do lots of commercials, jingles and records and TV appearances. A lot of times, they want the standard sound from any guitar. But sometimes, I'm asked to do things a little different—make something stand out. That's when I use my Hohner." He used the instrument on the rhythm track of "The King Is Gone," a record that has already sold several million copies.

"It's a good instrument," says Bucky. "For me, it's my 'signature' sound now. And that's really what you need to make it in this business."



WHEN YOU'RE LOOKING FOR THAT BIG BREAK, HOHNER CAN BE INSTRUMENTAL.

UNIVERSITY POLICY ON DISCLOSURE OF STUDENT RECORDS (BUCKLEY AMENDMENT)

The University of Maryland adheres to a policy of compliance with the Family Educational Rights and Privacy Act (Buckley Amendment). As such, it is the policy of the University (1) to permit students to inspect their education records, (2) to limit disclosure to others of personally identifiable information from education records without students' prior written consent, and (3) to provide students the opportunity to seek correction of their education records where appropriate.

I. Definitions
   A. "Student" means an individual who is or who has been in attendance at the University of Maryland. It does not include any applicant for admission to the University who does not matriculate, even if he or she previously attended the University. (Please note, however, that such an applicant would be considered a "student" with respect to his or her records relating to that previous attendance.)
   B. "Education records" include those records which contain information directly related to a student and which are maintained as official working files by the University. The following are *not* education records:
      (1) records about students made by professors and administrators for their own use and not shown to others;
      (2) campus police records maintained solely for law enforcement purposes and kept separate from the education records described above;
      (3) employment records, except where a currently enrolled student is employed as a result of his or her status as a student;
      (4) records of a physician, psychologist, or other recognized professional or paraprofessional made or used only for treatment purposes and available only to persons providing treatment. However, these records may be reviewed by an appropriate professional of the student's choice;
      (5) records which contain only information relating to a person's activities after that person is no longer a student at the University.

II. It is the policy of the University of Maryland to permit students to inspect their education records.
   A. *Right of Access*
      Each student has a right of access to his or her education records, except confidential letters of recommendation received prior to January 1, 1975, and financial records of the student's parents.
   B. *Waiver*
      A student may, by a signed writing, waive his or her right of access to confidential recommendations in three areas: admission to any educational institution, job placement, and receipt of honors and awards. The University will not require such waivers as a condition for admission or receipt of any service or benefit normally provided to students. If the student chooses to waive his or her right of access, he or she will be notified, upon written request, of the names of all persons making confidential recommendations. Such recommendations will be used only for the purpose for which they were specifically intended. A waiver may be revoked in writing at any time, and the revocation will apply to all subsequent recommendations, but not to recommendations received while the waiver was in effect.
   C. *Types and Locations of Education Records, Titles of Records Custodians*
      Please note that all requests for access to records should be routed through the Registrations Office (see II.D below).
      (1) *Admissions*
         Applications and transcripts from institutions previously attended.
         a. Undergraduate — North Administration, Director of Undergraduate Admissions
         b. Graduate — South Administration, Director of Graduate Records
      (2) *Registrations*
         All on-going academic and biographical records.
         a. Graduate and Undergraduate — North Administration, Director of Registrations
      (3) *Departments*
         Departmental offices — Chairmen. (Check first with the Director of Registrations.) (Miscellaneous records kept vary with the department.)
      (4) *Deans and Provosts*
         Deans and Provosts offices of each school. Miscellaneous records.
      (5) *Resident Life*
         North Administration — Director of Resident Life. Students' housing records.
      (6) *Advisors*
         a. Pre-Law Advisor: Undergraduate Library
         b. Pre-Dental Advisor: Turner Laboratory
         c. Pre-Medical Advisor: Turner Laboratory
         Letters of evaluation, personal information sheet, transcript, test scores (if student permits).
      (7) *Judicial Affairs*
         North Administration Building — Director of Judicial Affairs. Students' judicial and disciplinary records.
      (8) *Counseling Center*
         Shoemaker Hall — Director. Biographical data, summaries of conversations with students, test results. (Where records are made and used only for treatment purposes, they are not education records and are not subject to this policy.)
      (9) *Financial Aid*
         a. Undergraduate — North Administration, Director of Financial Aid.
         b. Graduate and Professional schools — located Deans' offices — financial aid applications, needs analysis statements, awards made (no student access to parents' confidential statements).
      (10) *Career Development Center*
         Terrapin Hall, Director. Recommendations, copies of academic records (unofficial). (Note WAIVER section.)
      (11) *Business Services*
         South Administration Building, Director. All student accounts receivable, records of students' financial charges, and credits with the University.
   D. *Procedure to be Followed*
      Requests for access should be made in writing to the Office of Registrations. The University will comply with a request for access within a reasonable time, at least within 45 days. In the usual case, arrangements will be made for the student to read his or her records in the presence of a staff member. If facilities permit, a student may ordinarily obtain copies of his or her records by paying reproduction costs. The fee for copies is $ .25 per page. No campus will provide copies of any transcripts in the student's records other than the student's current University transcript from that campus. Official University transcripts (with University seal) will be provided at a higher charge.

III. It is the policy of the University of Maryland to limit disclosure of personally identifiable information from education records unless it has the student's prior written consent, subject to the following limitations and exclusions.
   A. *Directory Information*
      (1) The following categories of information have been designated directory information:
         a. Name;
         b. Address;
         c. Telephone listing;
         d. Date and place of birth;
         e. Photograph;
         f. Major field of study;
         g. Participation in officially recognized activities and sports;
         h. Weight and height of members of athletic teams;
         i. Dates of attendance;
         j. Degrees and awards received;
         k. Most recent previous educational institution attended.
      (2) This information will be disclosed even in the absence of consent unless the student files written notice informing the University not to disclose any or all of the categories within three weeks of the first day of the semester in which the student begins each school year. This notice must be filed annually within the above allotted time to avoid automatic disclosure of directory information. The notice should be filed with the campus registrations office. See II.C.
      (3) The University will give annual public notice to students of the categories of information designated as directory information.
      (4) Directory information may appear in public documents and otherwise be disclosed without student consent unless the student objects as provided above.
   B. *Prior Consent Not Required*
      Prior consent will not be required for disclosure of education records to the following parties:
      (1) School officials of the University of Maryland who have been determined to have legitimate educational interests:
         a. "School officials" include instructional or administrative personnel who are or may be in a position to use the information in furtherance of a legitimate educational objectve;
         b. "Legitimate educational interests" include those interests directly related to the academic environment.
      (2) Officials of other schools in which a student seeks or intends to enroll or is enrolled. Upon request, and at his or her expense, the student will be provided with a copy of the records which have been transferred.
      (3) Authorized representatives of the Comptroller General of the U.S., the Secretary of HEW, the Commissioner of the Office of Education, the Director of the National Institute of Education, the Administrator of the Veterans' Administration, the Assistant Secretary of HEW for Education, and State educational authorities, but only in connection with the audit or evaluation of federally supported education programs, or in connection with the enforcement of or compliance with federal legal requirements relating to these programs. Subject to controlling federal law or prior consent, these officials will protect information received so as not to permit personal identification of students to outsiders.
      (4) Authorized persons and organizations which are given work in connection with a student's application for, or receipt of, financial aid, but only to the extent necessary for such purposes as determining eligibility, amount, conditions and enforcement of terms and conditions.
      (5) State and local officials to which such information is specifically required to be reported by effective state law adopted prior to November 19, 1974.
      (6) Organizations conducting educational studies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction. The studies shall be conducted so as not to permit personal identification of students to outsiders, and the information will be destroyed when no longer needed for these purposes.
      (7) Accrediting organizations for purposes necessary to carry out their functions.
      (8) Parents of a student who is a dependent for income tax purposes. (Note: The University may require documentation of dependent status such as copies of income tax forms.)
      (9) Appropriate parties in connection with an emergency, where knowledge of the information is necessary to protect the health or safety of the student or other individuals.
      (10) In response to a court order or subpoena. The University will make reasonable efforts to notify the student before complying with the court order.
   C. *Prior Consent Required*
      In all other cases, the University will not release personally identifiable information in education records or allow access to those records without prior consent of the student. Unless disclosure is to the student himself or herself, the consent must be written, signed, and dated, and must specify the records to be disclosed, the identity of the recipient, and the purpose of disclosure. A copy of the record disclosed will be provided to the student upon request and at his or her expense.
   D. *Record of Disclosures*
      The University will maintain with the student's education records a record for each request and each disclosure, except:
      (1) disclosures to the student himself or herself;
      (2) disclosures pursuant to the written consent of the student (the written consent itself will suffice as a record);
      (3) disclosures to instructional or administrative officials of the University;
      (4) disclosures of directory information.
      This record of disclosures may be inspected by the student, the official custodian of the records, and other University and governmental officials.

IV. It is the policy of the University of Maryland to provide students the opportunity to seek correction of their education records.
   A. *Request to Correct Records*
      A student who believes that information contained in his or her education records is inaccurate, misleading, or violative of privacy or other rights may submit a written request to the Office of Registrations specifying the document(s) being challenged and the basis for the complaint. The request will be sent to the person responsible for any amendments to the record in question. Within a reasonable period of time of receipt of the request, the University will decide whether to amend the records in accordance with the request. If the decision is to refuse to amend, the student will be so notified and will be advised of the right to a hearing. He or she may then exercise that right by written request to the Office of the Chancellor.
   B. *Right to a Hearing*
      Upon request by a student, the University will provide an opportunity for a hearing to challenge the content of the student's records. A request for a hearing should be in writing and submitted to the Office of Registrations. Within a reasonable time of receipt of the request, the student will be notified in writing of the date, place, and time reasonably in advance of the hearing.
      (1) *Conduct of the Hearing*
         The hearing will be conducted by a University official who does not have a direct interest in the outcome. The student will have a full and fair opportunity to present evidence relevant to the issues raised and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
      (2) *Decision*
         Within a reasonable period of time after the conclusion of the hearing, the University will notify the student in writing of its decision. The decision will be based solely upon evidence presented at the hearing and will include a summary of the evidence and the reasons for the decision. If the University decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, the University will amend the records accordingly.
   C. *Right to Place an Explanation in the Records*
      If, as a result of the hearing, the University decides that the information is not inaccurate, misleading, or otherwise in violation of the student's rights, the University will inform the student of the right to place in his or her record a statement commenting on the information and/or explaining any reasons for disagreeing with the University's decision. Any such explanation will be kept as part of the student's record as long as the contested portion of the record is kept and will be disclosed whenever the contested portion of the record is disclosed.

V. Right to File Complaint
   A student alleging University noncompliance with the Family Educational Rights and Privacy Act may file a written complaint with the Family Educational Rights and Privacy Act Office (FERPA), Department of HEW, 330 Independence Avenue, S.W., Washington, D.C. 20201.

In accordance with the University Policy on Disclosure of Student Records, forms are available at the Registrations Counter, North Administration Building.

Any student who wishes to limit the disclosure of data/information as stated in this policy or wishes access to his/her official records should complete the appropriate form and return it to the Registrations Counter.

HIGH BIAS.

These cassette deck manufacturers use SA as their reference for the High(CrO_2) bias/EQ setting:

AIWA · AKAI · CENTREX · JVC
KENWOOD · MERITON · NAKAMICHI
OPTONICA · PIONEER · ROYAL SOUND
SANSUI · SHARP · TEAC · TOSHIBA
UHER · YAMAHA

And are joined by these in recommending SA for use in their decks:

BANG & OLUFSEN · DUAL · FISHER
HARMAN/KARDON · LAFAYETTE
SANKYO · TANDBERG
AND MANY OTHERS.

There's been a quiet revolution going on in the cassette world. □ Leading makers of quality cassette decks have adopted TDK SA as their reference standard tape for "High" (CrO_2) bias and equalization settings. Why TDK SA? Because TDK SA's advanced tape formulation and super precision cassette mechanism let them (and you) take full advantage of today's advanced cassette deck technology. □ In addition, a growing number of other companies are recommending SA for use with their machines. □ So for the ultimate in cassette sound and performance, load your deck with SA and switch to the "High" or "CrO_2" bias/EQ settings. You'll consistently get less noise, highest saturation and output levels, lowest distortion and the widest dynamic range to let you get the best performance from any quality machine. □ But you needn't believe all this just because we say so. All you have to do is check our references.

THE JVC CASSETTE DECK.

It gives you more of what other decks wish they could.

The new JVC cassette decks thoroughly reinforce our reputation for innovative engineering and design. Some include our exclusive new Spectro Peak Indicator System to help you visually monitor the entire musical spectrum. So you can set the highest recording levels and get the most from your cassettes. Our superior Super ANRS noise reduction system also gives your recordings wider dynamic range. And our JVC-designed Sen-Alloy head is both sensitive and durable. Some models even let you "fine tune" their high frequency response to specific kinds of cassette tapes. Whether you've spent $300 or $3000 for your stereo system, there's a lot of music on your records and tapes you've probably never heard. And we can prove it.

Take a favorite recording with a wide range of program material to your audio dealer's. Ask him to connect up a system that closely resembles your own, adding a pair of Sennheiser headphones. And listen. With tone controls set flat, alternate between speakers and headphones at various volume levels. And compare.

Even if the speakers are the very best in the house, you'll be surprised to discover how much better our headphones sound. In terms of wide, flat response. Low distortion. Greater detail. And sheer intimacy with the music. At the same time, you'll discover how the patented lightweight design of Sennheiser Open-Aire® headphones lets you hear all the music in comfort, without sealing in your ears. Now, look at our price. Once you do, we think you'll agree that a little Sennheiser is an inexpensive way to enjoy a lot of improvement.
